PROFILE

Second-year Computer Science student at the University of Hertfordshire, seeking a 12-month placement from summer 2027. Coding since age 13, with six years of building complete games and websites from scratch in Python, C#, JavaScript and PHP. Currently building Knowitball, a live football games platform with user accounts, multiple games and a beta launch. Quick to learn, comfortable owning a project end to end, and a clear communicator.

EDUCATION

BSc (Hons) Computer Science, University of Hertfordshire — Sept 2025 – present

Second year, expected graduation 2028.

Ashmole Academy, London — 2018 – 2025

A Levels: Computer Science (A), Religious Studies (A), Physics (B). GCSEs: 10 at grades 7–4, including Maths (7), Computer Science (7), Physics (7), English Language (5).

PROJECTS

Knowitball: football games website (knowitball.co.uk) — Beta · in progress

- Full-stack web platform of browser-based football games: a career game (Road to the Golden Ball), Draft, Tic Tac Toe, Ten-A-Ball and player Rankings.
- Coded the original version myself, then rebuilt it with two family members using AI-assisted development.
- Includes user sign-in, player profiles with objectives, a feedback form, a beta sign-up flow and legal pages, and is heading towards App Store and Steam releases.

Personal game projects: Unity, C# — 2020 – present

- Designed and built a series of games independently over six years, several to a release-ready standard.
- Covered every stage myself: game design, programming, testing and polish.

Raspberry Pi and electronics — Personal

- Built circuit projects with a Raspberry Pi, applying A Level Physics to hands-on hardware.

TECHNICAL SKILLS

Languages: Python, C#, JavaScript, PHP, SQL, HTML, CSS

Tools / areas: Unity, full-stack web development, database design, Raspberry Pi, AI-assisted development

EXPERIENCE

Student Helper (work experience), Ashmole Academy — July 2024

- Guided new students and supported staff day to day, communicating clearly with people of all ages.

Nursery Assistant (work experience), Hampden Way Nursery School — June 2022

- Worked with teachers following safety routines and helped run activities; learned to stay calm and patient.

ADDITIONAL

Right to work: UK resident with full right to work. **Interests:** game design, side projects, philosophy and religion. References available on request.
